MEMORANDUM FOR: Director of Central Intelligence

FROM: Harry E. Fitzwater
Deputy Director for Administration

SUBJECT: DCI Meeting with the Senior Officer Development
Course Participants

1. We would appreciate your meeting with the people who have been selected for the Senior Officer Development Course (SODC) which will begin in September.

2. The SODC is the senior educational program for GS-15 Agency officers identified as having high potential for the Senior Intelligence Service. The 20 participants will be challenged in an intensive program that places a high premium on individual participation. Therefore, your reflections on the importance of informed and committed senior intelligence officers to the conduct of the Agency's mission would be an important motivating factor in encouraging their full participation. One example of their involvement is the completion of essays that will be assigned at the initial meeting and used as the basis for discussion the first full week of the program in September.

3. The proposed date for the initial session is Monday, 10 August; the meeting could be held in your conference room at 2 P.M. or at another hour at your convenience.
